WATERPROOF PRICE COMPUTING SCALE

– ABSWR SERIES –

PRECISION • DURABILITY • PERFORMANCE

PRODUCT OVERVIEW

The HSCo ABSWR Waterproof Price Computing Scale is designed for high-performance retail and industrial applications. Built with a durable ABS body and advanced waterproof protection, it ensures reliable operation even in demanding environments. With precise weighing, fast price calculation, and user-friendly interface, it is ideal for shops, supermarkets, and wet markets.

- ✓ Fast and accurate price computation
- ✓ Waterproof design for harsh environments
- ✓ Clear LED display for easy reading
- ✓ Long-lasting and low maintenance

TECHNICAL SPECIFICATIONS
